ATLart [08]

ATLart[08] is the fifth annual city-wide celebration of the visual arts in Atlanta. Conceived of and spearheaded by the Atlanta Gallery Association, a consortium of 21 of the city's fine art dealers, the AGA has taken the lead in focusing on and highlighting the numerous visual arts opportunities around Atlanta. ATLart [08] has expanded its outreach this year and covers 110 galleries, museums, academic institutions and non-profits in an effort to raise awareness to area residents and visitors of the brilliant array of venues that thread our varied neighborhoods. Atlanta offers impressive collections of original works; from edgy and alternative to time honored and traditional. Whether collecting for investment potential, aesthetics of a personal environment, or a field trip to recharge your own inner creativity, you are invited to experience the welcoming atmosphere of venues familiar as well as those in parts of town you have yet to explore. Keep this comprehensive visual arts insert as your guide not only for the month of February but all year long. Atlanta's visual arts community is truly one to celebrate!

ATLart [08]
